Additional CE Requirements

While taking our EMS Refresher satisfies the KBEMS and National Registry continuing education hourly requirement, KBEMS has additional content-specific CE requirements that are required for your renewal. **ALL KY EMTs and Paramedics** must complete these. They are:

- Pediatric Abusive Head Trauma (PAHT)
- Sexual Violence Awareness (SVA)

You need **one hour** of PAHT and **one hour** of SVA every **two years**. Using KBEMS partnered education platform, TRAIN, it's now easier than ever to complete both of these required CEs, and you can do so at your convenience.

Accessing TRAIN

- Visit www.train.org
- Click "Log In or Create Account" in the top righthand corner.
- Click "Create new account," or sign in if you already have an account.
- Once created, log in, click on your profile in the top righthand corner, and click "Your Profile"
- Under "Manage Groups" click "Join a Group." Click "Location," select "Kentucky," then select "EMS" in the list of occupations. You may have done this during registration. If so, then ignore this step.
- Now, go to www.train.org/ky/home
- Click "Courses" in the top row
- In the catalog, search for "KBEMS," and you'll see three courses. Click into any course, click register, click "Launch Course," click that you're interested in earning credits, and watch the video.
- Once done, go back to the page you enrolled in, and click "Mark Completed." Proceed with the post assessment and course evaluation.
- If successful, when you go back to the enrollment page of the course, you should see a "View Certificate" button where you can download your certificate for recordkeeping.

NOTE: KBEMS also requires proof of completion of an HIV/AIDs class **one time** since receiving initial licensure. If you **cannot find a copy of your certificate**, it is **highly recommended** that you also enroll in the KBEMS HIV/AIDS Education for EMS Providers that is also seen when you type in "KBEMS" in the TRAIN course catalog. Just in case you're ever audited, you'll know you have a copy.
